

## THE VERY SMALL ADVENTURES OF ANNE KATRINE

Aunt Jess pursed her lips, glared at Uncle Oskar, and spat out, "What did I tell you? She's a troublemaker, just like her high-falutin' mother!" The summer in Pennsylvania was not looking good for Anne Katrine (pronounced Ann-eh Kah-treen-eh). Her grandmother had promised to tell her a life-changing secret on her eleventh birthday. But now, she will never know what it was. Or will she?

Staying with her spiteful relatives during her parents' trip to Denmark was hard enough, but when her parent's plane mysteriously disappears over the Arctic Circle, it is a curious visit by a group of very strange strangers that leads Anne to discover some astounding magic that changes her life forever.

This enchanting chapter book, **written by a local author (prior Den Mother) and published by a local Scout Leader**, feels like a cross between the Chronicles of Narnia and Circus Mirandus; magical, yet not overwhelmingly magical. If Harry Potter had a younger, muggle sister, it might be Anne Katrine. And if the North Pole had two expatriate elves, they might be Yul and Nissa.

### A Message for Parents

If your son or daughter enjoyed these puzzles, we have a draft of a free activity book available at [www.VerySmallAdventures.com](http://www.VerySmallAdventures.com).

**Hello Kids. Finding good books is fun! If you enjoy reading, why not ask your parents or a Teacher or Librarian if they can find *The Very Small Adventures of Anne Katrine* for you? Adults love it when kids ask for books! Parents, visit your local library or use this QR Code to take you to Amazon.com**
